REVIEW OF MARKETS

FINANCIAL AND COMMBRCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

New York, Feb. 23.-To-day's mar-

New York, Feb. 23.—To-day's market on dealings in excess of a million shares was extremely erratic, and the net results showed honors about even between the buils and bears. The most significant losses were made in Sugar and the Granger group, Burlington figuring for 3½. The leaders in the other column were Tobacco, the Minneapolis and St. Louis shares and Third Avenue. The market opened strong, with a considerable demand for foreign account, London taking fully 60.000 shares, over half of which were the Atchisons. Plenty of selling orders appeared and prices receded from the opening figures, in some cases sharply. A rally ensued with Tobacco, the coalers and the Grangers prominent. Tobacco's strength was accompanied by an annonuncement that a settlement with opposition concerns was imminent, which involved a consolidation of interests. The action of the Burlington directors on the refunding scheme, not fulfilling expectations entertained in some quarters, resulted in a sharp break in that property, which was accompanied by a simultaneous break in Sugar. A report was circulated widely that a large issue of new government bonds was impending, and this attended a sharp raid. The information was said to have been received in a private dispatch, but no confirmation, was obtainable. Tobacco fluctuated on the various reports, which were very sensational. It opened up 7 points at 178 and slid off to 172; raillied at 189, and closed at 185½. One interpretation of the deal reported was that the rival company, Union Tobacco, was to be transferred to the Continental Tobacco Company,

Metropolitan, after dropping 4 points from the opening, raillied 544, and

company, Union Tebacco, was to be transferred to the Continental Tobacco Company.

Metropolitan, after dropping 4 points from the opening, rallied 5½ and closed a point off, while Third Avenue lost about half of an eight point rise. Consolidated Gas worked up 4½ and then suffered a decided break. Minnapolis and St. Louis shot up about 7 points and the second preferred 6 points on rumors that the directors might retire the company's first preferred. Special strength was shown by American Steel, gaining 3 points when the general list was crumbling. This was due to the glowing reports of the company's business, which emanated from parties connected with the property. Sugar was supported in the early deallings, but ended with a 5-point loss. The Coalers averaged over a point up, with Jersey Central exceptionally jumping 3½ on renewed reports of progress toward regulating the coal trade. The market closed irregular, with a weak undertone.

The bond market displayed a marked degree of strength, which was not insulated the coal trade. The market closed irregular, with a weak undertone.
